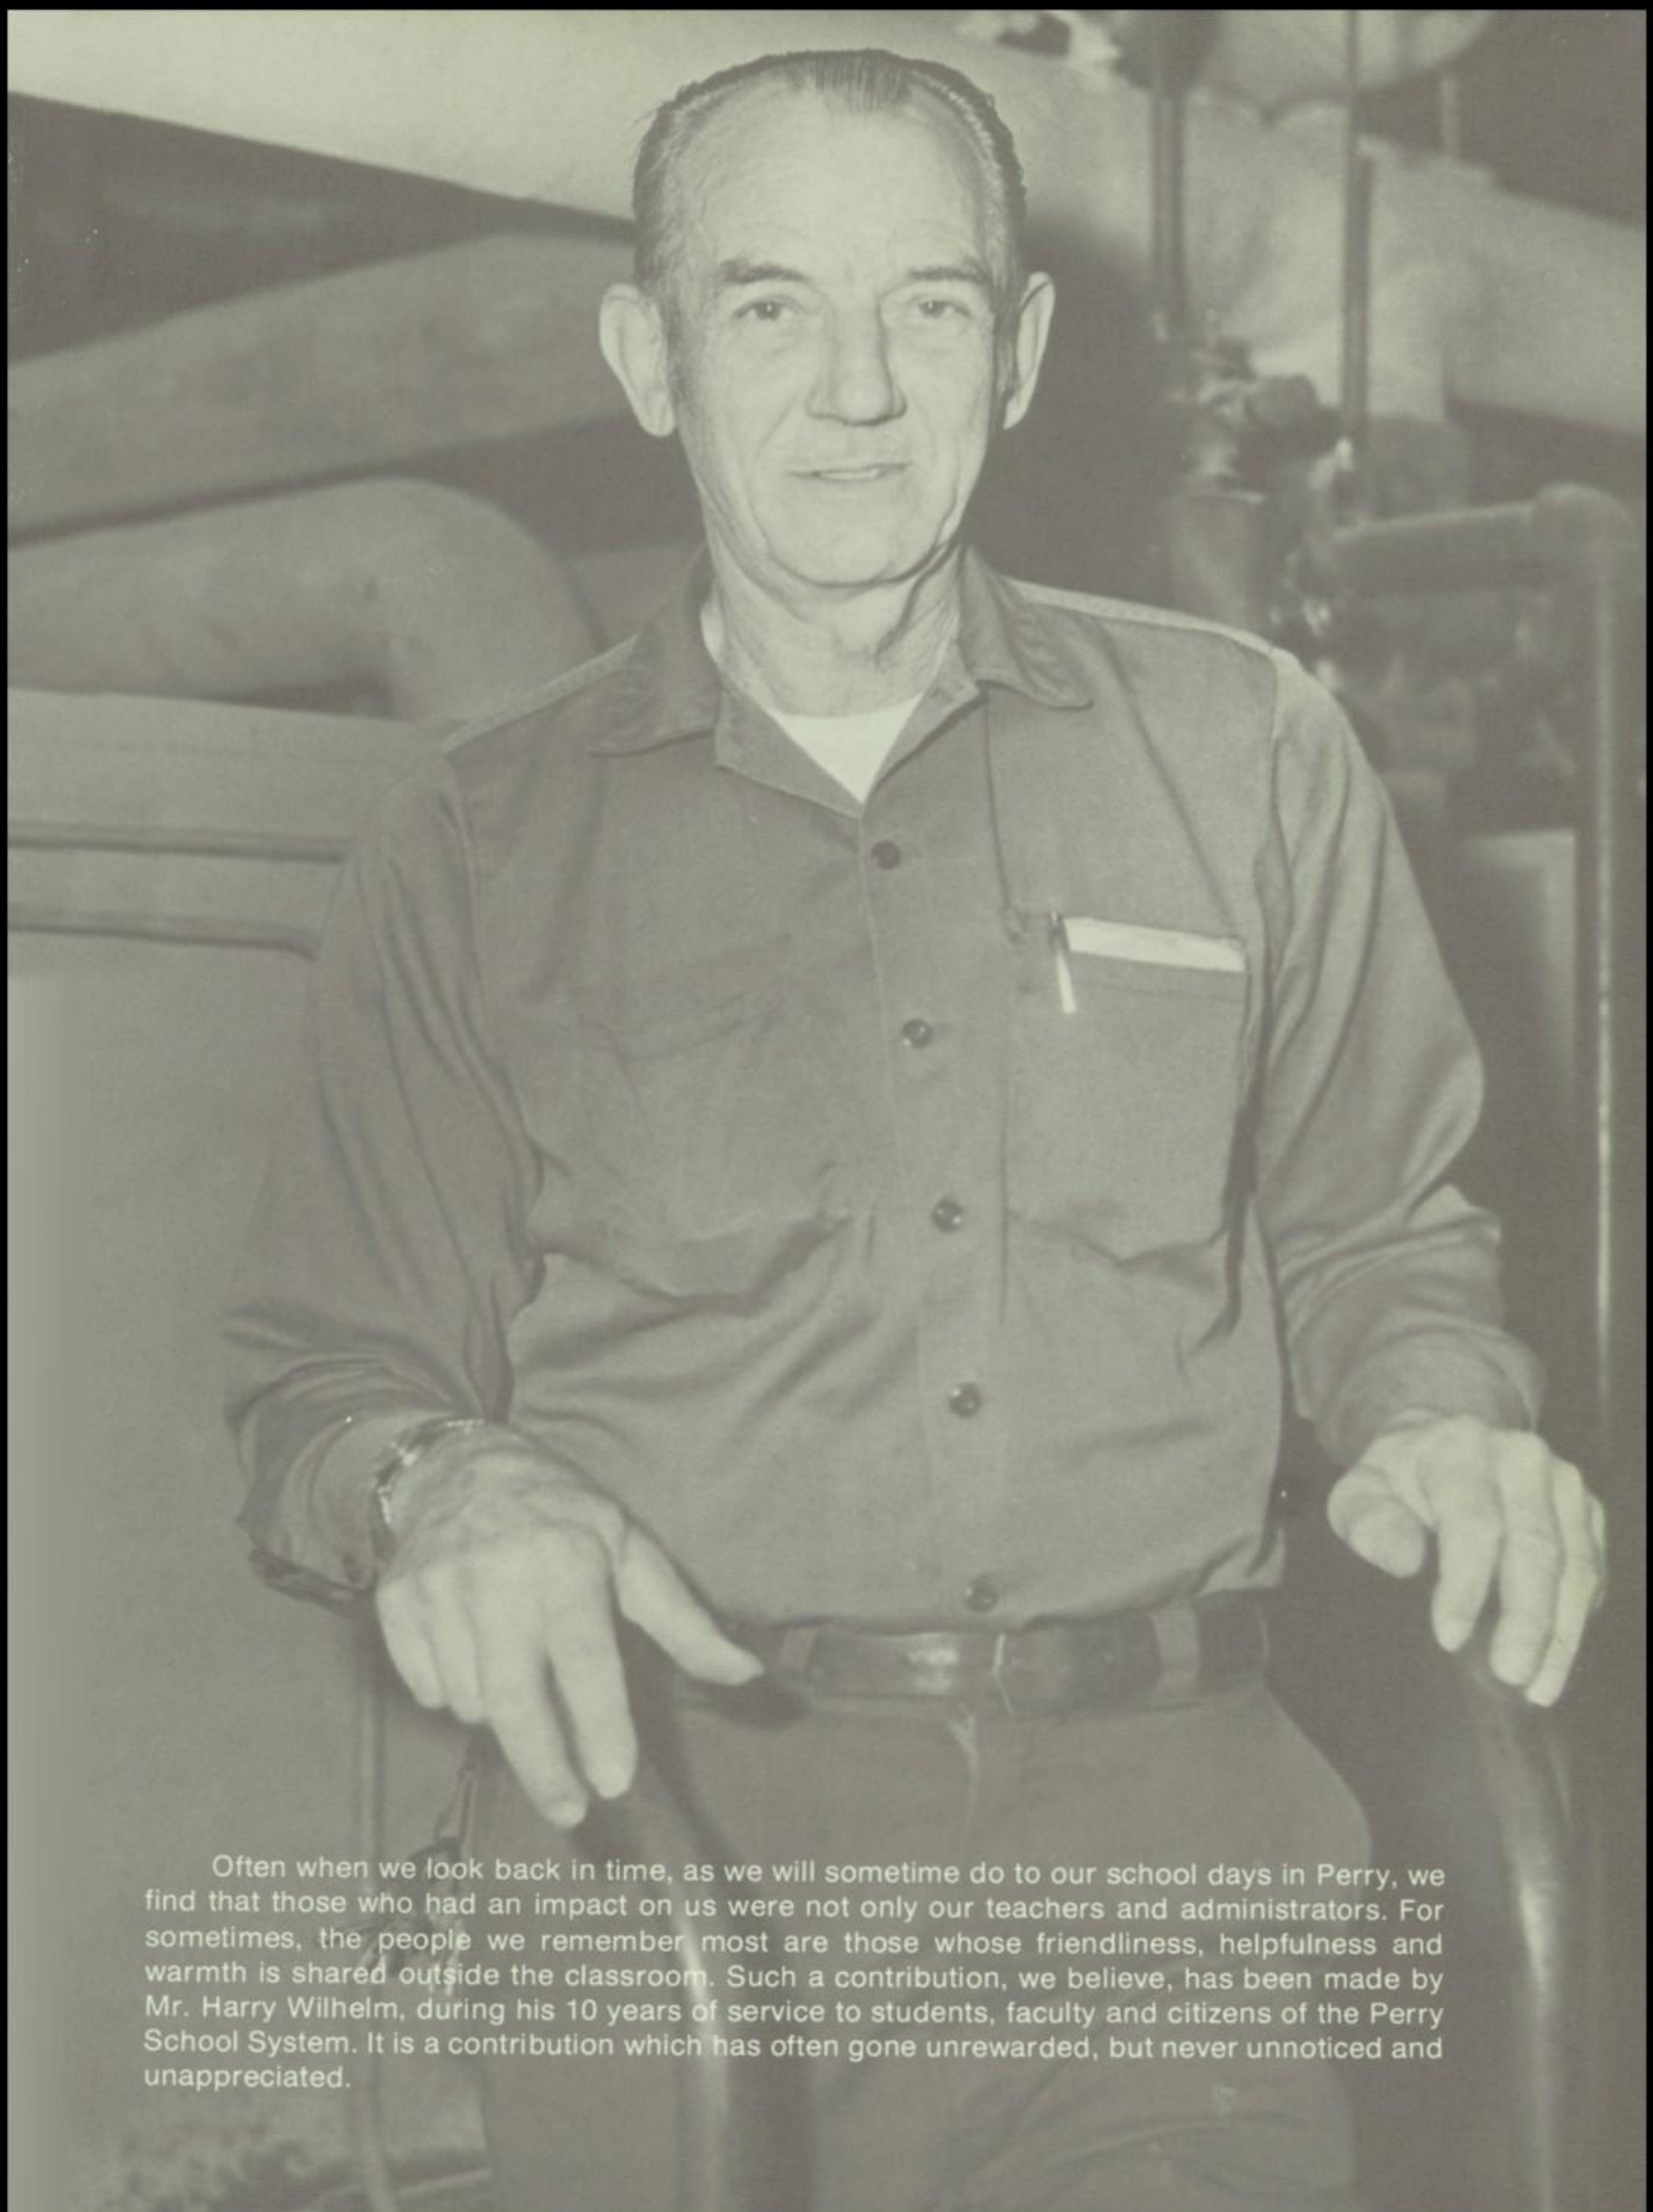
Becky
To a nice, sweet girl who gave me many tips on Bus 6. That payed off! I think! Keep cool in the future.

Love Al



Often when we look back in time, as we will sometime do to our school days in Perry, we find that those who had an impact on us were not only our teachers and administrators. For sometimes, the people we remember most are those whose friendliness, helpfulness and warmth is shared outside the classroom. Such a contribution, we believe, has been made by Mr. Harry Wilhelm, during his 10 years of service to students, faculty and citizens of the Perry School System. It is a contribution which has often gone unrewarded, but never unnoticed and unappreciated.

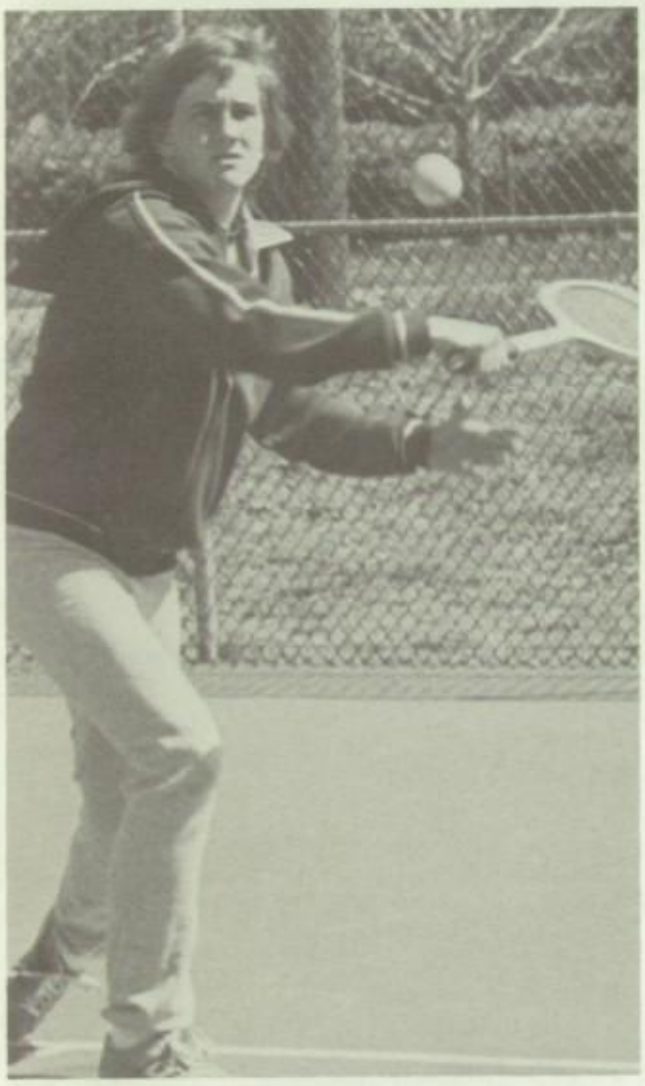
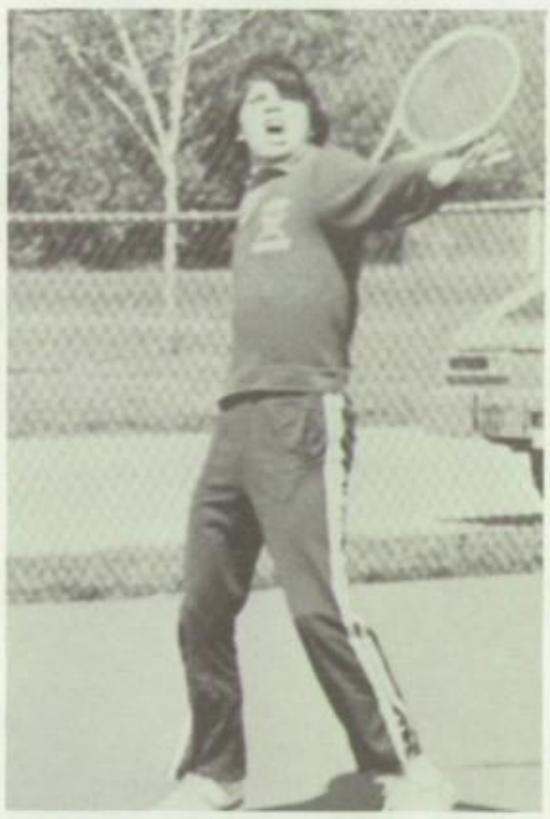
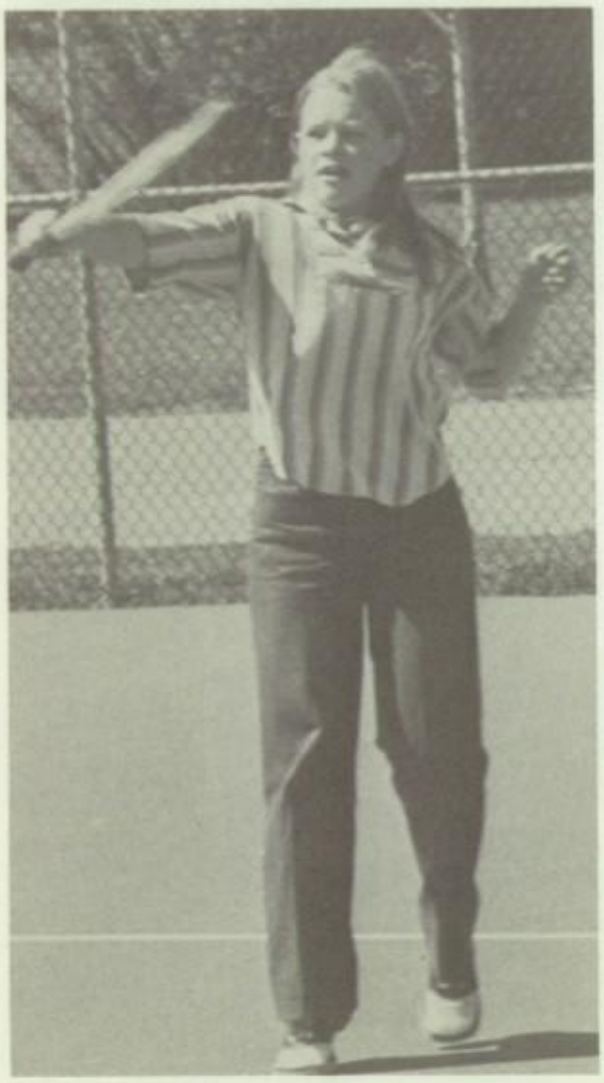
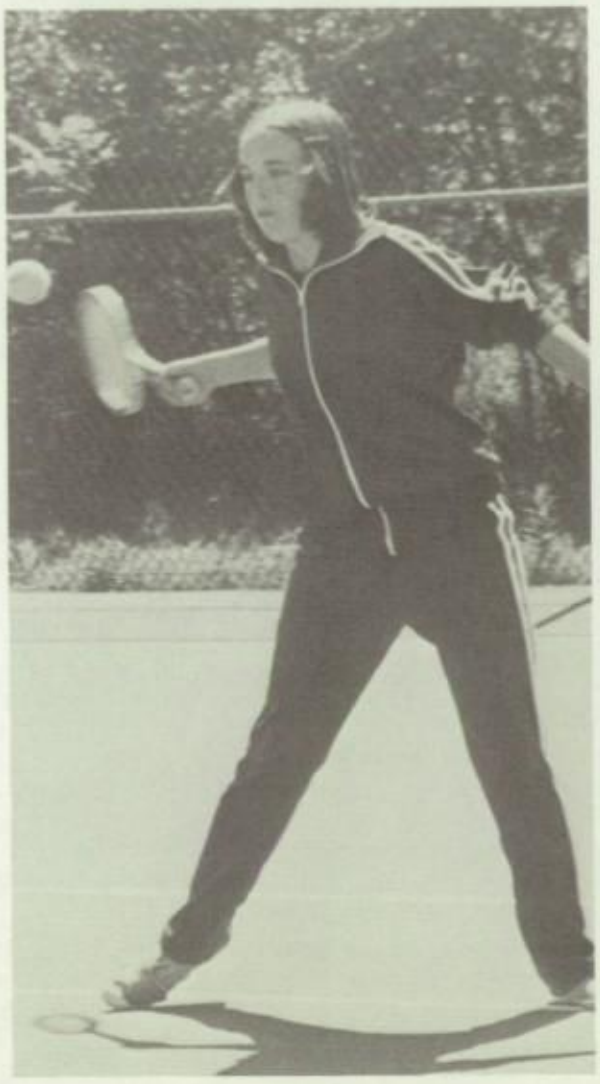
TENNIS ANYONE?

To Becky,
To the only girl I've really ~~gone~~ with. Best wishes and lots of Love in the future. Good luck in school and have fun, be good and I'll ~~see~~ you around. Remember the good times in life and me. Love always,
Jackie "Blue"
"Brown"







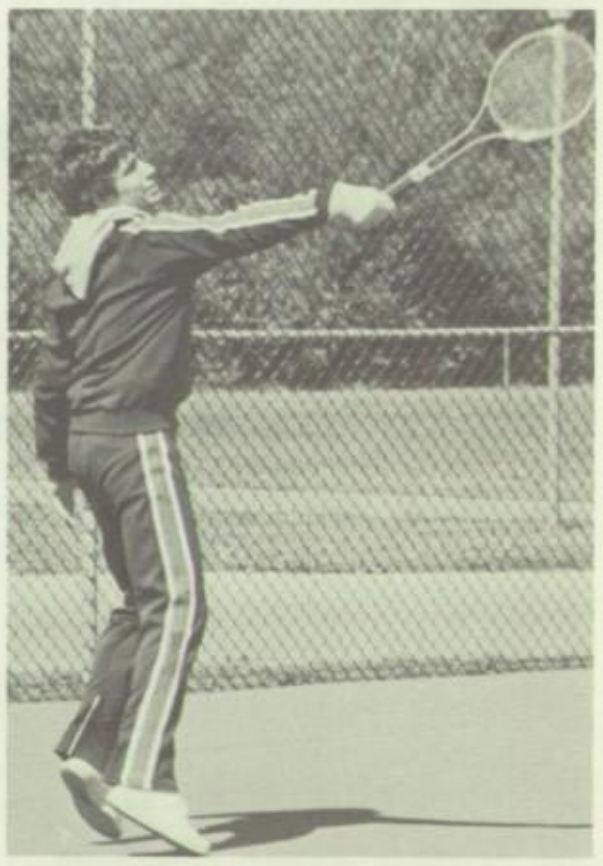


These are the players of the Perry Tennis Team. Their mission, to seek out and explore new victories, to boldly go where no team has gone before. The coach, T. C. Cody, the school, Perry High, together they form an invincible barrier which cannot be broken by none other.

Really Jack, I heard the same story yesterday.

I think I've got the touch.

I think I've got it too!



Check out that backhand.

Homestead Realty's affilliation with Matchmaker, a home marketing system, has produced some remarkable new concepts. First, we have a "TRADE IN" program that can help you get your new home NOW! If you see a home in this area that you like,(new or used) or you are transfered to another area, we'll help you make the transition without two mortgages. Second, we sell homes with WARRANTIES! Matchmaker will warrant the house you buy for ONE FULL YEAR. CALL; for further information on either or both of these programs. Service is the only product we sell!

Becky: To really a fantastic person. I have enjoyed all the times we've seen together. I hope we can get together more in the future. Have fun in your remaining two years at P.H.S. Good luck in everything you do.
-77- Love John

Becky,
To the most unstuck up girl in the entire class of '78! (you're the only one that talks to me) if and you're ever in a bad mood and just think everybody's against you come to me maybe I can help you out of it. Maybe we can play visa versa on jack and Gena some day? Good Luck in everything
Lester

Becky,
To a good freind in the class of '78 Good luck always
Tom

BECK,

Sometimes in forming chemical bonds to produce a dichloride compound, the two component elements are heterogeneous and thus ideally suited to perform the intrinsic, extra-moleculear cohesions of the two substances in question. However, if a dissipative force were to gravitate the dichroic crystals then diverging rays would convert the electiodynamic properties of the eclipsing binaries. If any of this is incomprehensible to your abstract reasoning then we are both in the same boat. I thought I'd be different in writing this since I cannot reveal my true indications at the present moment. If you will take a raincheck I'm sure something can be worked out.

SINCERELY,
TERRY LEE HOLOWATY
(A senior in the by far superior class of 1977.)

Becky,
I wish you the best of luck in all you do. You're a very sweet person. God Bless and hope to get to know you better before we graduate.
Love,
Lisa
